STAT

The source of APEL Arms is:

STAT

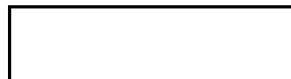

The design for APEL Arms is government-owned and this vendor is furnishing these arms under government contract with no provision for commercial production. I will attempt to find a way to supply your company with these arms and notify you as soon as possible.

Today, I sent two APEL mounting plates with screws and one set of segmented nylon rollers for installation on your Model 45 Multi-Motion

Declass Review by NGA.

prototype table. The rods furnished for the segmented rollers may not be suitable for installation on the prototype, but will serve as a guide on size and length. I will send the film reel brackets to be mounted on the above APPL plates as soon as they are available. I hope this hardware will alleviate the delay you anticipated in our telephone conversation yesterday.

Best regards,

STAT
